### Other Student Outcome Data

Denominator (Graduation Cohort for 2013 - 2017): 233

	Student #	Pct
Industry Credentials	0	0.0
Post-Secondary Credits Earned	0	0.0

### Annual Measurable Objectives

The Annual Measurable Objectives score is determined using multiple data points. For each student subgroup, the school's results are compared to the statewide Annual Measurable Objectives (AMOs). "Points" are earned based on how the school compared to the AMO, to their results last year (improvement), and to how far they were from meeting the AMO (the "gap"). These points are averaged to determine a preliminary score and rating, which may be demoted if certain minimum performance requirements are not met.

1. If Perf Index is greater than the (Short Term) Goal, then 100.0 points are earned and the Long Term Gap is N/A. If not, the LT Gap is the difference between Perf Index and the Long Term Goal. Subgroups of less than 25 students are Not Rated (NR).
2. A full 100.0 points are also awarded if the single year Value Added Gain Index for the subgroup is at least 1.0.
3. Otherwise, LT Gap Close % = (Improv / LT Gap) \* 100., and the points awarded are LT Gap Close % \* 10. It is impossible to earn more than 100 or less than zero points.
4. After all subgroup points have been calculated, they are added together. The total is divided by the maximum points possible (100 x number of subgroups that were not NR) to determine the final points for Reading.

Graduation Rate Points Earned (Total / Possible): 0.0

1. If [Grad Rate %] is greater than the Goal, then 100.0 points are earned and the Gap is not applicable (N/A). If not, the Gap is the difference between [Grad Rate %] and the Goal. Subgroups of less than 30 students are Not Rated (NR).
2. Improvement from last year's result is [Grad Rate %] minus [Grad Rate LY %]. If Improvement is greater than the Gap, then 100.0 points are earned.
3. Otherwise, partial points are awarded using the formula (Improvement / Gap) \* 100. It is impossible to earn more than 100 or less than zero points.
4. After all subgroup points have been calculated, they are added together. The total is divided by the maximum points possible (100 x number of subgroups that were not NR) to determine the final points for Graduation Rate.

### AMO - English Learners

- 1) Please note that intermediate calculations are not rounded. Although three decimal places are displayed in this table, \*all\* decimal places are used internally until the final calculation, where the final points earned are rounded to one decimal place.
- 2) If the gap improvement is more than 10%, so the maximum 100 points have been earned.

### AMO - Preliminary Score

The preliminary score is the average of the English Language Arts, Math, and Graduation Rate from the preceding pages. The result is applied to the rating scale to determine a preliminary rating.

English Language Arts Points:	80.4	Rating Scale:	Preliminary Rating:
Math Points:	0.0	Exceeds Standards 36.0 - 100.0%	<b>Meets Standards</b>
Graduation Rate Points:	0.0	Meets Standards 1.0 - 35.9%	
English Learner Points:	0.0		
<b>Preliminary Score:</b>	<b>26.8</b>	Does Not Meet Standards 0.0 - 0.9%	

### AMO - Rating Demotions

### Participation Rates

The minimum Participation Rate is 95.0%. If any subgroup does not meet this requirement in either English Language Arts or Math, a rating demotion occurs. Participation Rate is not calculated if a subgroup does not have at least 40 students required to take the test.

#### English Language Arts

### AMO - Final Score and Rating

If a rating demotion is required, then the preliminary score is reduced by 5.0 points to determine the final score. The final score is applied to the rating scale to determine the final rating.

Preliminary Rating:	Demotion Required?	Final Score:	Rating Scale:	<div style="background-color: #1a3d4d; color: white; padding: 5px; font-weight: bold;">RATING</div> <div style="font-size: 24px; font-weight: bold; margin-top: 10px;">Meets Standards</div>

50 points earned out of a possible 100 = 50.0%

A school that improves its High School Assessment Test Passage Rate and the 4-year, 5-year, 6-year, 7-year, and 8-year Graduation Rates by 10% or more in both the current and prior two year comparison periods can be rated no lower than Meets Expectations.

Because the school earned enough points for a higher rating than Does Not Meet Standards, this calculation does not apply.

**Rating Scale:**

Exceeds Standards	80.0 - 100.0%
Meets Standards	40.0 - 79.9%
Does Not Meet Standards	0.0 - 39.9%
