Dear Parent, Guardian, Foster Care Giver or Adult Student:

On December 10, 2015, President Obama signed the bipartisan Every Student Succeeds Act (ESSA), which reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA). The ESSA builds upon the critical work states and local educational agencies (LEAs) have implemented over the last few years. The reauthorized law sets high standards and contains policies that will help prepare all students for success in college and future careers. It prioritizes excellence and equity and recognizes the importance of supporting great educators in our nation's schools

Under the Every Student Succeeds Act (ESSA), Ohio has created a plan to better align our local, state and federal programs to help all students be successful Guidance for this plan can be found at: education.ohio.gov

On May 29, 2012, the United States Department of Education (USDoE) granted the Ohio Department of Education (ODE) a waiver of several provisions of the No Child Left Behind Act of 2001 (NCLB). The purpose of this letter is to explain how parts of the ESEA (Elementary and Secondary Education Act) Flexibility waiver under Title I, Part A of NCLB relate to your child's education.

Notice to Parents

Under Title I, Part A of NCLB, districts were required to notify parents if any of their schools or the district itself were identified for Improvement. This provision has been waived, and districts no longer are required to send a letter out to notify parents of School or District Improvement status. Public School Choice Under Title I, Part A of NCLB, districts were required to offer students attending schools identified to be in Improvement status the opportunity to attend another public school not so identified. Districts were required to provide or pay for the provision of transportation to the transfer school. This provision has been waived, and districts are no longer required to offer this option.

Students taking the Public School Choice option during the 2018-2019 school year are allowed to remain in the transfer school until they complete the highest grade in that school. However, the district is no longer responsible for providing or paying for the transportation.

The district must inform parents with students in all Title I served schools that they can request information about the professional qualifications of their student's classroom teachers, 1111(h). The district must give timely notice to parents of students in Title I served schools if their children have been taught, or have been assigned to be taught for four or more consecutive weeks by a teacher who is not highly qualified. The district must also provide information to parents on the level of achievement of their children on each of
